

# Cold As Ice

## Firewind

I'm going out to war  
I have to face the pain  
We're damaged people and we suffer from our own reign  
Trapped in my own domain  
I wonder who's to blame  
We can't pay the prize for this kind of paradise I'm going out to war  
Don't wanna live in vain  
I have to meet my enemy  
I've had in my dreams  
I've lost my empathy  
I crashed my harmony  
We'll never see the day if we don't role the very dice I send you my life  
I send you my soul  
Enlighten me again  
I'm awake  
I feel cold as ice, I am hypnotized  
Always turn away  
We are cold as ice in a big device  
We'll drown in our own clay  
I feel cold as ice, I am paralyzed  
Always turn away  
We are cold as ice in a big device  
Why did we go astray I walk across the end  
And lose my clarity  
We're lost children  
And we're diving in the blackest sea  
Who do we think we are?  
Just a grain of sand  
But so much power  
In this tiny little human hand  
I send you my life  
I send you my soul  
Enlighten me again  
I'm awake I feel cold as ice, I am hypnotized  
Always turn away  
We are cold as ice in a big device  
We'll drown in our own clay  
I feel cold as ice, I am paralyzed  
Always turn away  
We are cold as ice in a big device  
Why did we go astray I'm cold as ice  
I'm cold as ice

I'm cold as I feel cold as ice, I am hypnotized

Always turn away

We are cold as ice in a big device

We'll drown in our own clay

I feel cold as ice, I am paralyzed

Always turn away

We are cold as ice in a big device

Why did we go astray I'm cold as ice

I'm cold as ice

I'm cold as

I'm cold as ice
