## Chris Brown

Every time, every time you tell me you gon' change  
Every time, every time you tell me you gon' change  
You're never right, it's probably best we go our separate ways  
If you look in my eyes, you gotta know it's true  
Told me a million lies but I still try to make due  
Baby, I gave you time and always moreBaby, you got what you want and now I'm paying for it  
Oh, you're supposed to love, with a love that's official  
Talking all that shit gonna make me fuck around and go missing, oh  
And don't try to make up cause I'm fine  
Cause you're a stranger in my eyes  
Oh-oh-oh-oh  
Stranger in my eyes  
Oh-oh-oh-oh  
You're a stranger in my...  
I'mma be okay  
My path can only get clearerLive int he moment, keep you in my back mirror, oh  
What you gonna do when nobody's at home? Yeah  
Shoulda thought of that when you turned so cold babe  
Oh, you're supposed to love, with a love that's official  
Talking all that shit gonna make me fuck around and go missing, oh  
And don't try to make up cause I'm fine  
Cause you're a stranger in my eyesOh-oh-oh-oh  
Stranger in my eyes  
Oh-oh-oh-oh  
You're a stranger in my...  
We were meant to fall, fall right out of love  
And I can't even say that you were there for me girl  
We were meant to fall, fall right out of love  
And I can't even say that you were there for me girl  
Girl, you're supposed to love, with a love that's official  
Talking all that shit gonna make me fuck around and go missing, oh  
And don't try to make up cause I'm fine  
Cause you're a stranger in my eyes  
Oh-oh-oh-oh  
Stranger in my eyes  
Oh-oh-oh-oh  
You're a stranger in my...  
Stranger in my  
You're a stranger my... oh  
Stranger in my
