## The Weeknd

They see my brain melting  
and the only thing I tell em  
is that I'm living for the present  
and the future don't exist  
So baby take your clothes off  
A chance like this  
You may never get to show off  
Show off  
Show off what you talkin about  
Unless you like to tease baby  
And in reality  
you don't know how to please, baby  
Blue ball queen  
Take your fucking seat baby  
Or ride it out now  
Now I know you wanna scream baby  
I'm better than your next man  
And if you're swingin'  
I get you're dumber than the next man  
Cause I don't play  
Unless it's keys  
Then I play all day  
You like em keys  
We gon' play all day Wet dreams Fry your brain all day  
I think you lost your morals, girl  
But it's okay  
Cause you don't need em where we're going  
In that two floor loft in the middle of city  
After rolling through the city with me  
I promise you gon' see  
That I'm only fucking 20, girl  
Amnesia  
Get your mind in a dream world  
What you doin in the bathroom?  
I hear noises in the bathroom  
Baby, it's okay  
We can do it in the living room  
Just some terms in em  
The only girls that we fuck with  
seem to have twenty different pills in em  
and tell us that they love us  
even though they want a next man and the next man's bitch want a third man

Eddie Murphey shit Yeah we Trade Places Rehearse lines to them  
and then we fuck faces Yeah, we know just how to get a buzz  
Mix it with the hash  
Come fuck with us  
I'm raw, motherfucker, I'm raw  
Love so lost  
And my niggas  
Man, these bitches can't touch what we got  
If they want it  
I'll plug any nigga that I step  
And I got em, yeah I got em  
till the ending of our credits  
Life's such a movie  
Filmed independent  
Us against the city  
Please don't get offended  
when we don't answer your calls  
And if you got a problem  
come and find us, we can talk  
about it  
What's good young hoe?  
You about it?  
Got a loft right now  
You excited  
You excited
