

Perfect Time of Day

Howie Day

It's the perfect time of day
It's the last day of your life
Don't let it drift away
While your heart is still racing
It's the perfect time of day And you won't feel a thing
And you won't recall
Anything at all Close your eyes and take your last breath
Rest your head aside
The end is the beginning and every point between
Some are lost, oh some are lost And you won't feel a thing
And you won't recall
Anything at all
Let your colors collide
Oh, the time is so fleeting
I'll quit running behind
Oh I know your meaning You love to fall
But why you wanna say?
That you love to fall
The perfect time of day And you won't feel a thing
And you won't recall
Anything at all, now It's the perfect time of day
It's the perfect time of day
Come on now, come on now, come on It's the perfect time of day
Come on now, come on now, come on
It's the perfect time with you
Come on now, come on now, come on
Come on with you
Come on now, come on now
Yeah all y'all, come on
