

# Perfect Time of Day

## Howie Day

It's the perfect time of day  
It's the last day of your life  
Don't let it drift away  
While your heart is still racing  
It's the perfect time of day And you won't feel a thing  
And you won't recall  
Anything at all Close your eyes and take your last breath  
Rest your head aside  
The end is the beginning and every point between  
Some are lost, oh some are lost And you won't feel a thing  
And you won't recall  
Anything at all  
Let your colors collide  
Oh, the time is so fleeting  
I'll quit running behind  
Oh I know your meaning You love to fall  
But why you wanna say?  
That you love to fall  
The perfect time of day And you won't feel a thing  
And you won't recall  
Anything at all, now It's the perfect time of day  
It's the perfect time of day  
Come on now, come on now, come on It's the perfect time of day  
Come on now, come on now, come on  
It's the perfect time with you  
Come on now, come on now, come on  
Come on with you  
Come on now, come on now  
Yeah all y'all, come on
