Damn, I've got these bitches on lock doh  
Damn, I've got these bitches on lock doh  
They drag me in the house and then they lock door  
They fighting for the number one spot though, whoa

Pull my sword out your stone, Camelot  
I'm at Hannah's house, and the hammering that Hannah got  
When the hammer drop  
She likes to hold my hand a lot  
Look, Hannah, stop  
And my manner was kinda digital and analog  
And I got  
Damn, I've got these bitches on lock doh  
Damn, I've got these bitches on lock doh  
They drag me in the house and then they lock door  
They fighting for the number one spot though, whoa  
I've got these bitches on lock doh  
Damn, I've got these bitches on lock doh  
They drag me in the house and then they lock door  
They fighting for the number one spot though, whoa  
Stephanie, Beverly and Bethany  
Definitely  
And I've got that loud pack  
Even there for me  
And when I'm chilling out, she wanna ask me questions  
Jeopardy  
Heavy weaponry, my nigga to the left of me  
Secondary  
Man, I've got the pussy on lock doh  
Grabbing up my willy made my cock grow  
Baby, maybe so or maybe not so  
But I want that pussy quite a lot though, yo  
Equity, they're feeling neck and neck with me

Better be  
Energy, Ella came with Emily  
And Ebony  
Damn, I've got these bitches on lock doh  
Damn, I've got these bitches on lock doh  
They drag me in the house and then they lock door  
They fighting for the number one spot though, whoa  
I've got these bitches on lock doh  
Damn, I've got these bitches on lock doh  
They drag me in the house and then they lock door  
They fighting for the number one spot though, whoa
