

Freal Luv (feat. Marshmello, Chanyeol & Tinashe)

Far East Movement

Freal luv
Freal luv
Freal luv
Freal luv Know no limits to feel the truth
When the world stops spinning
I'll know it's you
Searching all night, like a spotlight
For the one to show
Could it be you? Could it be me?
Only way to know Freal luv I'm all yours, when you really wanna take me there
Don't let me go nowhere
I'd give it all up for you, I swear
Only for real love
That love that keeps me shaking
So real, there's no mistaking
I'd give it all up for you, I swear
Only for real love Lovin that real love, something you feel love
Turning me back to the old me
Ride for my realla, I die for my realla
I give you respect like the OGs
Lockin' me down like the police
We ain't never be lonely
Protectin' my love like a goalie
You'll be the only one next to me right with the homies
We got that empire mind
Combine n' steadily rise (that be freal)
Moment of truth of has arrived
Trust that forever you ride (that be freal)
You be the bank on my side You supervise, let's make a deal
Let's get it sealed, let's make it trill
Let's rule the world, together freal
Freal luv
(give me that, real luv, that real love, that chill love) Freal luv
Freal luv
(give me that, real luv, that real love, that chill love)
Freal luv I'm all yours, when you really wanna take me there
Don't let me go nowhere
I'd give it all up for you, I swear
Only for real love
I'm all yours, when you really wanna take me there

Don't let me go nowhere
 I'd give it all up for you, I swear Only for real love
 That love that keeps me shaking
 So real, there's no mistaking
 I'd give it all up for you, I swear
 Only for real love Love is a high, we feelin' alive
 You lovin' the size, ? ??? ?
 I give you more, you feelin' the flow
 You never let none of them bring down the vibe
 Hustle to win, we be livin' in sin
 Makin' us two of a kind
 ??? ?, babe we got temples to build
 Ain't no haters can step to our grind
 We got that empire mind
 ?? ??? ??, (That be freal) ??? ?? ??
 ??? ?? ??, (That be freal)
 You be the bank on my side, nothing but dimes
 Let's make a deal
 ??? ?, ?? ??
 ? ?? ???, together freal
 Freal luv
 (give me that freal luv, that real love, that chill love)
 Freal luv
 Freal luv
 (give me that freal luv, that real love)
