Mama always said I'll find my way back Back home

So tell me why am I still lost in limbo

With nowhere to go(Pre-)

God knows I'm trying, I'm fighting to get out of here

Oh but sometimes it's hard not to give into fear

I build myself up 'cause I want it so muchI need to break free

I'm headed for somewhere else

'Cause it's a long way home

Courage to carry on

I've got to be oh so strong

'Cause it's a long way home

Mama always said I'll find my way back

Back homeSo tell me why am I still lost in limbo

With nowhere to go

(Pre-)

God knows I'm trying, I'm fighting to get out of hereOh but sometimes it's hard not to give into

I build myself up 'cause I want it so much

I need to break free

I'm headed for somewhere else

'Cause it's a long way homeCourage to carry on

I've got to be oh so strong

'Cause it's a long way home

I'm headed for somewhere else

I'm guessing the time will tell

'Cause it's a long way home

Courage to carry on

And now I got to be oh so strong

'Cause it's a long way home

I'm headed for somewhere else

But it's a long way home

Courage to carry on

'Cause it's a long way home
