Seeing Is Believing

Alan Silvestri

Seeing is believing And in my arms I see her She's here, really here Really mine now She seems at home here Seeing is believing I dreamt that it would be her At last life is full Life is fine now Whatever happens, one thing is certain Each time I see a train go by I'll think of us The night, the sky, forever Seeing is believing My life is just beginning I'm touched and my head won't stop spinning From winning her love He's young, very young But a feeling... I feel I know him Seeing is believing And I like what I see I like where I am What I'm feeling What are we doing? Can you believe it? A starving actress and a starstruck boy Oh well, I might as well enjoy The momentShe's warm, and she's wild And appealing I feel I know her Seeing is believing I never thought I'd be here Is this really real Or am I dreaming? No way of knowing Where this is leading It's fun forgetting who we are Who cares when now the world is far behind us?Seeing is believing My life is just beginning We touched and my head won't stop spinning From winning your love
