

It's On Again (feat. Kendrick Lamar)

Alicia Keys

And everybody know the story of David and Goliath
But this is bigger than triumph
This is for the warrior, this is for you and I
This is for euphoria, give me a piece of mind
God is recording this! won't you look in the sky?
Tell him that you got the behavior of your neighbor
Even when stability's never in your favor
Fly with the turbulence, only last a minute
Land on your dreams, and recognize you live it
Walk through the valley of peace, with bare feet
Run through the flames, that's more passion for me
I passed testimony just so the world can see
Battle wounds on me, now watch me like em clean
I know, I know, my pride, my goals, my highs
My lows, I know I know, it's mind control
I know I could prosper, no impostor
Prosecute my posture
I stand up and I stand by it what
I am a freedom fighter, the name that history wrote
And even through disaster, eye of the tiger for hope
I'm trying to find my way back, there's no day off for heroes
And even when I'm tired, "Go" is the only word I know
And the night is takin' over
And the moonlight gets exposure
And the players have been chosen
And it seems like fate has spoken
When it seems your faith has broken
By the second, losin' focus
Ain't no way to get off, get off, get off, get off
Unless you move forward
I bet they wonder how I go on
I bet they wonder how I go on I'll simply say it's on again, it's on again
The world don't stop, it's on again, it's on again
I am a lonely hero, trying to fight my battles
Life likes to blow the cold wind, sometimes it freezes my shadow
In the midst of all this darkness, I sacrifice my ego
There ain't no room for selfish, we do it for the people
And the night is takin' over
And the moonlight gets exposure
And the players have been chosen
And it seems like fate has spoken
When it seems your faith has broken
By the second, losin' focus
Ain't no way to get off, get off, get off, get off

Unless you move forward
I bet they wonder how I go on
I bet they wonder how I go on I'll simply say it's on again, it's on again
The world don't stop, it's on again, it's on again The work don't stop, 'cause they don't stop
And everybody here trying to get on top
Everybody from the burbs down to the block
Gotta hold on tight and don't let go, let go
Nah
So you think you're hot?
Gotta grind hard, give it all you got
You can have, or you can have not
You see that a lot in the ghetto (ghetto)
How I go on, go on
I bet they wonder how I go on, go on I'll simply say it's on again, it's on again
The world don't stop, it's on again, it's on again
