

# Human Heart

Joe Goddard

You'll never know  
The weight of it  
But it's too much for me  
It's pulling me underneath  
You like the way  
Feels to love me  
'til it's uncomfortable  
'til you have to risk it all I don't wanna  
Change your mind  
Now it's made  
I don't wanna fix it  
There's no solution  
I don't wanna  
Change your mind  
Now its made  
It's better that  
We don't say  
Anything more about it  
Nothing breaks like a human heart  
And nothing hurts  
There's nothing left  
When it falls apart  
It's when the feeling stops If I let you down  
At least I let you loving  
When you needed me  
I wouldn't be o ut of reach  
In the circumstance  
You must be feeling something  
In the space we leave  
In the in-between  
I don't wanna  
Change your mind  
Now it's made  
I don't wanna fix it  
There's no solution  
I don't wanna  
Change your mind  
Now its made  
It's better that  
We don't say  
Anything more about it Nothing breaks like a human heart  
And nothing hurts

There's nothing left  
When it falls apart  
It's when the feeling stops Felt like nothing else  
Ever made a mark  
When is there hope  
Now nothing breaks like a human heart  
And you will...
