Dirty Pretty Words

Alex Parks

(Parks/Clark/Hewerdine)Mister luck

Mister front

You're always kidding your way through

Mister you

Missed again though you wanted to But I wouldn't catch you

No I would be the one who

After all is laid inside out

In the bed that you madeSay the dirty pretty words

You say

Never gonna mean a thing

Say the dirty pretty words

When you say

What you say

I'm not listening anyway

Out of luck

Out of front

Is that what you wanna do?

Out of your head again

Is that what you're going throughBut I wouldn't catch you

No I would be the one who

After all is laid inside out

In the bed that you madeSay the dirty pretty words

You say

Never gonna mean a thing

Say the dirty pretty words

When you say

What you say

I'm not listening anyway

Ever wonder where

Everbody goes

All the liberties you're taking

Take a look around

Did you ever stop

Maybe you should start changing

Dirty pretty words

Dying on your tongue

Here we go again

There you go again

There you go againBut I wouldn't catch you

No I would be the one who

After all is laid inside out

In the bed that you madeSay the dirty pretty words

You say
Never gonna mean a thing
Say the dirty pretty words
When you say
What you say
I'm not listening anywaySay the dirty pretty words
You say
Never gonna mean a thing
Say the dirty pretty words
When you say
What you say
I'm not listening anyway
