Till I Find You

Austin Mahone

Somebody call the policeGirl, I woke up with you on my mind I found your picture on my phoneI don't know what you did to me that night I'm in the twilight zoneTell me why I'm trippin' still thinkin' 'bout the way you move

Tell me am I crazy? Will I ever ever find you?

Every minute I'm without youI lose

'Cause an angel touched

My heart and took

My cool

Every second burns like fire

I'm blueWhat I gon' do

'Till I find you

Gone

No trace I'm goingSherlock Holmes

Cinderella

When the clocks go struckIt gets so hard to breathe

On my own

Girl I'm runnin' out of timeTell me why I'm trippin' Still thinkin' 'bout the way you moveTell me am I crazy?

Will I ever ever find you?

Every minute

I'm without you

I lose 'cause an angel touched

My heart and took

My cool

Every second burns like fire

I'm blue

What I gon' do

'Till I find you

Wonder where

What you're doing girl

Baby I'm 'bout to lose it

I've been running

Around the world

I won't stop 'till I find ya

Wonder where

What you're doing girl

Baby I'm 'bout to lose it

I've running

Around the world

I won't stop 'till I find ya

Tell me why I'm trippin'

Tell me why I'm tripping girl Tell me am I crazy? Oh oh oh oh Find you Every minute I'm without you I lose 'Cause an angel touched

My heart and took

My cool

Every second burns like fire

I'm blue

What I gon' do

'Till I find you

Every minute

I'm without you

I lose

'Cause an angel touched

My heart and took

My cool

Every second burns like fire

I'm blue

What I gon' do

'Till I find you
