

Ashes of the Wake

Lamb of God

"We killed alot of innocent civilians.
To us every civilian in Baghdad was a terrorist.
They said 'they are now in civilian clothes' that makes everybody free game,
But if they came in our perimeter, we lit 'em up.
And when we would pull the body out, and when we would search the car, we would find
nothing.

This took place time and time again. No harm, no foul, that's Okay, don't worry about it,
Because this is a new type of war, this is an eradication."Mark Morton's soloAlex Skolnick's

"I honestly feel we're committing genocide over here,
I don't believe in killing civilians, and I'm not going to kill civilians for the United States
Marine Corps."
