

Turn Me Up

ABS

Well I know you heard about girl how I like to
When I do my thing when I'm in the mood
And if you want girl we can freak, on that dirty week
Girl I think I'm falling for you Yeh, you're giving me those feelings
You're making me go crazy
I'm talking to you laydee
Make me be, make me be...Your turning me up
Your turning me down
Your fooling around and around
You turn me inside out Your turning me up
Your turning me down
I'm turning around and around
Without my feet on the ground
Ba da da da da
Yeh C'mon
Let me do it again Always get myself caught up in situations (situation)
I'm always feeling on the side of desire (desire)
But the only thing I've found
It ain't cool when you're around (you're around)
Cause I'm burning girl
You set me on fire Yeh, you're giving me those feelings
You're making me go crazy
I'm talking to you laydee (layyydddeee)
Make me be, make me be...Your turning me up
Your turning me down
Your fooling around and around
You turn me inside out
Your turning me up
Your turning me down
I'm turning around and around
Without my feet on the ground Your turning me up
Your turning me down
Your fooling around and around
You turn me inside out Your turning me up
Your turning me down
I'm turning around and around
Without my feet on the ground, Yeh INSTRUMENTAL I'm talking to you laydee
Make me be, make me be...Your turning me up
Your turning me down
Your fooling around and around
You turn me inside out Your turning me up
Your turning me down

I'm turning around and around
Without my feet on the groundYour turning me up
Your turning me down
Your fooling around and around
You turn me inside outYour turning me up
Your turning me down
I'm turning around and around
Without my feet on the groundREPEAT TO FADE...
