

# Your Love's Like

Sabrina Carpenter

Woah oh-oh-oh oh  
Woah oh-oh-oh oh  
Sometimes life gets bitter  
I get strung out, caught in the middle  
And I can't breathe  
I just need a little taste of paradise  
I know a place I can escape to  
Where I go, troubles never break through  
The grass is greener, my head is clearer  
I got peace of mind when I fall into your eyes  
Your love's like breathing in the salty air  
Of summer on a private island just for me  
Your love's like the feeling I get  
When my favorite songs spinning in my head  
Keep it play playing on repeat  
It's like flowers in the spring time  
Every day is Valentine's  
So good it's hard to describe  
It's like Paris after midnight  
Dancing in the moonlight  
That what your love  
That's what your love's like  
Woah oh-oh-oh oh Woah oh-oh-oh oh That's what your love That's what your love's like Woah  
oh-oh-oh oh  
Woah oh-oh-oh oh That's what your love  
That's what your love's like  
Stop signs, I keep on running into  
Red lights make me wanna scream like  
Why can't it just be only you and me all the time (Oooh)  
In a world no one can find  
Your love's like breathing in the salty air  
Of summer on a private island just for me Your love's like the feeling I get  
When my favorite songs spinning in my head  
Keep it play playing on repeat  
It's like flowers in the spring time  
Every day is Valentine's So good it's hard to describe  
It's like Paris after midnight  
Dancing in the moonlight That what your love  
That's what your love's like  
Woah oh-oh-oh oh  
Woah oh-oh-oh oh  
That's what your love  
That's what your love's like

Woah oh-oh-oh oh  
Woah oh-oh-oh oh  
That's what your love  
That's what your love's like  
When life has left me numb  
And I need a pick me up  
There's no better rush than your love  
Your love, your love  
Your love's like breathing in the salty air  
Of summer on a private island just for me  
Your love's like the feeling I get  
When my favorite songs spinning in my head (Oooh)  
Keep it play playing on repeat  
It's like walking on the ceiling  
Can't compare the feeling  
Better than I could ever describe  
It's like soaking in the sunrise  
Not a worry on my mind  
That's what your love  
That's what your love's like  
Woah oh-oh-oh oh  
Woah oh-oh-oh oh  
That's what your love  
That's what your love's like  
Woah oh-oh-oh oh  
Woah oh-oh-oh oh  
That's what your love  
That's what your love's like  
Woah oh-oh-oh oh  
Woah oh-oh-oh oh  
That's what your love  
That's what your love's like  
Woah oh-oh-oh oh  
Woah oh-oh-oh oh  
That's what your love's like
