Ghosts 'n' Stuff (feat. Rob Swire)

deadmau5

It's been so long, I've been out of my body with you I feel alone, feel at home, feel like nothing is true You take me to a place where my senses gave way Turn it round, shut it down, what the people sayClimbing up, killing time, let 'em give you some Take my hand and let it come, let it come, let it Take it back when she knows that you're doing it right 'Cause everybody else knows what they're taking tonightBut I just wanna play it right We, we're gonna get there tonight It's been so far, I've been walking the line on my own Lift me up to the stars, we are coming home I know we had a chance but we're out of time We have sold in the cold, physical designSet me free, set me out on the run Lift me up to the sun, to the sun, to the When you're burning down, when you're burning down It's the way that you fake it, I know it's too late But I just wanna play it right We, we're gonna get there tonight I just wanna take you down We, we're gonna bring you 'round But I just wanna play it right We, we're gonna get there tonight Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
