

# Mess On a Mission

## Liars

Cast out of culture  
Compound of patience  
Reel out rigor  
Trash the book, the film, fell face off  
I can't go long without assistance  
I can't go far  
Trash the book, the film, fell face off  
Facts are fact and fiction's fiction  
In isolation  
Black savage, gotta go  
One out the costly will  
One out the story's time  
Facts are facts and fiction's fiction  
Rich party, massacre  
Crease out and tension though  
If I could only see them  
Facts are fact and fiction's fiction  
In isolation  
Facts are fact and fiction's  
fiction  
We called you at the sÃ£ (c)ance  
But only doubts appear  
I thought I lost you, though  
Facts are fact and fiction's fiction  
We call and messed it up  
With our accomplices  
My only question is how  
Facts are fact and fiction's fiction  
In isolation  
Facts are fact and fiction's  
fiction
