

Showtime (Interlude)

Tank

Oh, no no no
Can I get a ...?
I know you're feeling my show time, yeah, yeah
Get ready baby, this is about to go down, go down
I know you got the word that big daddy is in town, town, town
I know you got your best song for your boy
And I got some new hits you gonna enjoy, oh
Starting with your favorite song
Girl we're about to get it on
It's show time, I'm gonna do the stage, girl I wanna get you screaming
It's show time, so get up off the seat, get up, I'm about to give you ...
So get your hands in the air, I'm about to get it ... I can see it
I know you feel about the show time
I need a standing ovation, yeah, I need
Wanna give you my show time.
