

'Til It's Over

Anderson .Paak

[Verse 1]

We stayed up all night watching the comedy show
That aged whiskey and hydro
Good lord, what a nice conversation
I'm too floored to get anywhere safely
You know I talk about you highly
I'm fascinated for the time being
We can laugh until the morning
Or we can dance in the hallway

[Pre-Chorus]

Only one more night in Los Angeles
I really thought I could handle
But the funny thing is, I was holding back tears
I didn't think this day would happen
I give all this up for a chance at it
You really thought I'd be the man for this?
But the funny thing is, we can never stay here
I didn't think this day could happen[Chorus]

I'ma ride it 'til it's over
I'ma ride it 'til it's over
I'ma ride it 'til it's over
I'ma ride it 'til it's over

[Breakdown]

I'ma ride, I'ma ride
Ride

I'ma ride it 'til it's over
I'ma ride, I'ma ride

I'ma ride, I'ma ride[Verse 2]

And don't all this new music sound the same?
Yeah we must be getting old and grey
We left early, girl, that bed was shitty anyway
We went home and left the clothes up in the living space, aye
Would you stay if your heart had the power?
Would you run and find another life to imitate?
It's important that we make the best of short time
You could never be my one and only, anyway
Say, can't a young man dream?
Can't we all have the life on a widescreen?
What's the point? Yeah
We had fun for the time being[Chorus]
I'ma ride it 'til it's over
I'ma ride it 'til it's over

I'ma ride it 'til it's over
I'ma ride it 'til it's over[Breakdown]
I'ma ride, I'ma ride
Ride
I'ma ride it 'til it's over
I'ma ride, I'ma ride
I'ma ride, I'ma ride[Chorus]
I'ma ride it 'til it's over
I'ma ride it 'til it's over
I'ma ride it 'til it's over
I'ma ride it 'til it's over[Breakdown]
I'ma ride, I'ma ride
Ride
I'ma ride it 'til it's over
I'ma ride, I'ma ride
I'ma ride, I'ma ride
