

# Goodbye (feat. Soap&Skin)

## Apparat

Please put me to bed  
And turn down the lightFold out your hands  
Give me a sign  
Hold down your lies  
Lay down next to me  
Don't listen when I scream  
Bury your doubts and fall asleep  
Find out:  
I was just a bad dreamLet the bed sheet  
Soak up my tears  
And watch the only way out disappear  
Don't tell me why  
Kiss me goodbye  
for Neither ever, nor never  
Goodbye  
Neither ever, nor never  
Goodbye  
Neither ever, nor never  
Goodbye  
Goodbye
