

# Riding Alone

## Rednex

"I'm riding in the desert and I'm heading into nowhere  
The sun is showing me the way, I'm riding alone  
I'm looking for adventure, 'cause I left my girl in Texas  
I'm a stranger and I'm riding alone I'm riding in the desert and I'm heading into nowhere  
The sun is showing me the way, I'm riding alone  
I'm looking for adventure, 'cause I left my girl in Texas  
I'm a stranger and I'm riding alone (woo-hoo!) My baby's on his way and he's got nowhere to  
stay  
And I wonder what he's thinking on his own  
He's promised me his heart and he says he really loves me  
And I'll marry him as soon he's coming home I'm riding in the desert and I'm heading into  
nowhere  
The sun is showing me the way, I'm riding alone  
I'm looking for adventure, 'cause I left my girl in Texas  
I'm a stranger and I'm riding alone  
Working as a waitress, the saloon is never empty  
I got so many suitors all around  
Although some are very handsome, they will never get my hand  
Because I'm waiting for my cowboy to come home (woo-hoo!) Woo-hoo!  
Woo-hoo!  
Wooo! I'm riding in the desert and I'm heading into nowhere  
The sun is showing me the way, I'm riding alone  
I'm looking for adventure, 'cause I left my girl in Texas  
I'm a stranger and I'm riding alone Woo-hoo!  
Hey, hey, hey He's riding in the desert and he's heading into nowhere  
The sun is showing him the way, he's riding alone  
He's looking for adventure, 'cause he's left his girl in Texas  
He's a stranger and he's riding alone  
I'm riding in the desert and I'm heading into nowhere  
The sun is showing me the way, I'm riding alone  
I'm looking for adventure, 'cause I left my girl in Texas  
I'm a stranger and I'm riding alone
