

Demonoid Phenomenon

Rob Zombie

(Oh) hell on earth
For what it's worth
Dead on dreaming
You started screaming
The wizard of how
The king of now
Cry like a banshee
And die like you want me Violator(hey)
Desecrator(hey)
Turn around and meet the hater Violator
Desecrator
Turn around and...
Demonoid phenomenon
Get it out, get it on
Demonoid phenomenon
Get it out, get it on Oh, the conquering worm
The slithering germ
Lost in the black sleep
I see how the gods weep
The horror of maddness
The terminal sadness
The cool air of mourning
Gave me that warning Violator
Desecrator
Turn around and meet the hater
Violator
Desecrator
Turn around and...
(Enjoy that dead girl's body)
Demonoid phenomenon
Get it out, get it on
Demonoid phenomenon
Get it out, get it on
