

# Surrender

## Echo

[VERSE 1]

When we met before on a busy corner  
I made you stay awhile, giving you my number  
A foolish love, a kiss that I could have turned away

But instead I surrender[VERSE 2]

As I close my eyes, you stay up to catch me fall  
Opportunities arise when the other isn't looking  
A foolish love, a kiss that I blew it all sky high

When I surrender

[VERSE 3]

Aww, love is often heard

Well, it isn't get over (?)

Mmmmm

After all, it's just a word that lies within

It's often heard, ohhh...

A small fire, one kiss and I

I should have walked away

But instead, I surrender[VERSE 4]

This could be (?)

This could be right

We could be heading for a fight

Sit on the fence, don't lose the night

You'll never know until you try

Aww, baby

REPEAT VERSE 4

Aww, baby

REPEAT VERSE 4

Aww, babe...

Ohhh...yeah...

Ohhh...yeah...
