

All I Want

The Cure

Tonight I'm feeling like an animal
Tonight I'm howling inside
Tonight I'm feeling like an animal
Tonight I'm going wild And all I want
Is to be with you again
And all I want
Is to hold you like a dog And all I want
Is to be with you again
With you again
Just to hold you like a dog
Tonight I'm screaming like an animal oh ho
Tonight I'm losing control
Tonight I'm screaming like an animal oh ho
Tonight I'm getting so low And all I want
Is to be with you again
And all I want
Is to hold you like a dog All I want
Is to be with you again
With you again
Just to hold you like a dog That's all I want, that's all I want
Just to hold you like a dog
That's all I want, like a dog
That's all I want, that's all I want
Just to hold you like a dog
That's all I want
Just to hold you like a dog
That's all I want
And all I want
Just to hold you like a dog
And all I want
Just to hold you like a dog aoo
