

# My Life Your Entertainment (feat. Usher)

T.I.

Hey, hey, hey what's happenin' e'erybody?  
I hope they get my good side  
You know I gotta look good when I walk out the house  
You know I know the camera's following  
I know they taking pictures, right Drama? HeyAy man, you watch it I live it, you dig that?  
Y'all sit back relax get some popcorn, man  
I'm gonna make it a good show, you dig that?  
This gonna make a hell of a movie, huh?My life, your entertainment  
You watch it while I live it, live it  
I walk, they follow, ay  
I talk, they holla, ay  
Just here for your amusement  
My life, your entertainment  
You watch it while I live it, live it  
You waitin' for me to lose it  
I guess I'm just here for your amusementThe price of fame I think I paid, want my change I  
done gave  
E'erything in my possession for my seconds on the stage  
For my name up in lights and multi-million record sales  
I done gave up my life, can't get a moment to myselfWhen alone I ask myself, is it worth it? I  
ain't perfect  
Neither is anybody else, but I think my kids deserve  
To be with Daddy out in public without all the interruptions  
When the lies and gossip's published I'm the topic of discussionAnd I stay in trouble just to  
show these suckers I ain't lost it  
And I'd do it all again that's the funny thing about it  
I ain't playing, boy I'm 'bout it, will I change? Boy I doubt it  
I done been a lot of things, I ain't never been a coward  
See the paparazzi crowded all around me now  
Same niggas who was dissin' want a pound like I'm senile  
Showered with support from my adoring fans  
They hear T.I.'s arrested they're like, here we go againMy life, your entertainment  
You watch it while I live it, live it  
I walk, they follow, ay  
I talk, they holla, ay  
Just here for your amusementMy life, your entertainment  
You watch it while I live it, live it  
You waitin' for me to lose it  
I guess I'm just here for your amusementYou've seen it all before, guys know how the story goes  
It's like 2Pac never died, sit back, enjoy the show  
You see the shit that scares you senseless, I done lived through it  
Knew the risks and the consequences and I still do itAnd then I'm so fresh, them niggas mildew

it

Not just a actor by profession, pimp, I live movies  
That's why they whisper when they see me, point and stare at me  
'Cause they just wanna live through me vicariously Fashion weekend, Paris week, party like a  
rockstar

Get blown by a top model 'til she catch lockjaw  
Got the dough you get a year, stashed in my sock drawer  
Showed you the troubles and the struggles of an outlaw Top dog would not fall, I am not y'all

Couple pages out the calendar and I'm out y'all  
Kid listen, pay attention, you don't wanna be me  
It's safer to watch it on T.V. My life, your entertainment  
You watch it while I live it, live it

I walk, they follow, ay  
I talk, they holla, ay  
Just here for your amusement My life, your entertainment  
You watch it while I live it, live it  
You waitin' for me to lose it

I guess I'm just here for your amusement See I don't think it would even matter to me  
Woking a nine to five would it be better  
I mean be honest, would you care to gossip about me  
Not likely, I guess that's just the way that it goes, the way that it goes 'Cause I know, see I can  
be somewhere out keeping it cool

And get told, almost anything instead of the truth  
Y'all know more than I do, it's breaking news to me too  
Easy killer y'all know that ain't how I move, ooh He said and she said, what, I did what, with  
they, who

No not me I said, not me, she gave me no head, ooh  
Won't get me again, hey, I pleaded the fifth, hey  
I know better than to ever talk during the film In and flashing lights can blind your eyesight  
To when you can't see what's wrong from right

Well shorty 'til you walk a mile in my shoes  
And understand this is who I am Usher I completely concur  
Life can be such a blur, obviously we prefer  
Our privacy but instead we endure

Yes sir, don't expect nothin' less of me  
'Cause this goin' probably be this way until the death of me But for the hustle and the lady on  
my arm now

Plus all my kids and my mom's I'm a calm down  
And yo, we doin' just fine, and the time's just flyin'  
Live one headline at a time My life, your entertainment  
You watch it while I live it, live it

I walk, they follow, ay  
I talk, they holla, ay  
Just here for your amusement My life, your entertainment  
You watch it while I live it, live it  
You waitin' for me to lose it

I guess I'm just here for your amusement
