

Breathe (feat. Neev)

Seeb

This is not for your cries
This is all for your lies
Listen out for your mind
You're killing me over love
Your kisses are the only doubt
I listen out from your lies Ooooo...
Doubt, doubt, doubtDon't drown your heart babe
Just breathe don't drown your heart
Just breathe don't drown your heart babe
Just breathe don't drown your heart
Just breathe don't drown your heart babe
Just breathe don't drown your heart
Just breathe don't drown your heart babe
Just breathe don't drown your heart
Tell me all the dreams you found
Sing me all the songs you love
Can I sing them with you now?
You're killing me over love
Your kisses are the only doubt
I listen out from your lies Ooooo...
Doubt, doubt, doubtDon't drown your heart babe
Just breathe don't drown your heart
Just breathe don't drown your heart babe
Just breathe don't drown your heart
Just breathe don't drown your heart babe
Just breathe don't drown your heart
Just breathe don't drown your heart babe
Just breathe don't drown your heart
Just breathe don't drown your heart babe
Just breathe don't drown your heart
Just breathe don't drown your heart babe
Just breathe don't drown your heart
