

# Five Minutes to Midnight

## Boys Like Girls

Brown eyes and lungs are filled up with smoke  
Fast lives are stuck in the undertoe  
But you know the places I wanna go 'Cause, oh, oh, oh I've got a sickness  
You've got the cure  
You've got the spunk  
I've been lookin' for  
And I've got a plan  
We walk out the door No you wanna just let go  
It's time to roll down the windows Sing it, oh, oh, oh Yeah all we need  
So here we go  
Turn it up  
It's five minutes to midnight  
You're coming home with me tonight  
I can't get enough, shakin' me up  
Turn it up Alright  
At five minutes to midnight  
You see our name in city lights  
We'll make the clock stop  
Make your heart drop  
And come alive We could Pack up  
And leave all our things behind  
No fact, or fiction, or storyline  
'Cause I need you more than just for tonight You're, oh, oh  
All I care  
I can't stop my breathing  
I'm weak and you were my medicine  
I won't stop 'till I am under your skin No you wanna just let go  
It's time to roll down the windows Sing it, oh, oh, oh Yeah all we need  
So here we go Turn it up  
It's five minutes to midnight  
You're coming home with me tonight  
I can't get enough, shakin' me up  
Turn it up Alright  
At five minutes to midnight  
You see our name in city lights  
We'll make the clock stop  
Make your heart drop  
And come alive And when the clock strikes twelve  
Will you find another party  
Go and kiss and tell  
'Cause you know I never will I think we should strike a match  
We'll hold it to the wind to

See how long it lasts  
We can make the time stand still Turn it up  
It's five minutes to midnight  
You're coming home with me tonight  
I can't get enough, shakin' me up  
Turn it up Alright  
At five minutes to midnight  
You see our name in city lights  
We'll make the clock stop  
Make your heart drop Turn it up  
It's five minutes to midnight  
You're coming home with me tonight  
I can't get enough, shakin' me up  
Turn it up Alright  
At five minutes to midnight  
You see our name in city lights  
We'll make the clock stop  
Make your heart drop  
And come alive
