

# Holy Water

## Galantis

I can't get down  
Down from this high  
High as a waterfall  
If hearts could fly  
Want you to breathe  
Breathe next to me  
Caught in this lullaby  
Sing it to me I wanna drown in your Holy Water  
You know a sin never felt so good  
I wanna drown in your Holy Water  
A, Amen (A, Amen, A, Amen)  
I wanna drown in your holy water  
You know a sin never felt so I'm all shook up  
Shook up on you  
We burn like fireflies  
Burn baby blue  
'Cause I'm so deep  
Deep into you  
You are my church tonight  
My Holy view  
I wanna drown in your Holy Water  
You know a sin never felt so good  
I wanna drown in your Holy Water  
A, Amen (A, Amen)  
I wanna drown in your Holy Water  
You know a sin never felt so good  
I wanna drown in your Holy Water  
A, Amen  
You know a sin never felt so You know a sin never felt so good
