

Every Day is War

Combichrist

it's time for evolution
it's time to break away
away from urban decay
no time for absolution
no time for crowd control
we've gotta do it away we rise and we fall
and stop do we all
we fight and we win
and we will live with ourselves
we know that life is war
we do what others want
they're always in the way
we carry on anyway
we carry on anyway
It's time for elevation
it's time to do what we want
step by step, no time for regrets
it's time to break the pattern
there is no bringing defeat
only lesson's you can do it again I do 'cause I can
I can 'cause I want
I want 'cause they said I couldn't do it on my own
no time for limitation
I do because I can
They say I won't
I carry on anyway
We won't die away
we won't fall to prey
we stand tall
and carry on anyway
we carry on anyway
we won't die away
we won't fall to prey
we'll stand tall and carry on anyway
there is nothing in waiting that appeals to me
If I want it now, I must do it myself we carry on anyway we won't die away
we won't fall to prey
we'll stand tall and carry on anyway
we carry on anyway
