Saving Us

Serj Tankian

Why do we sit around and Break each others hearts tonight Why do we dance around The issues till the morning light When we sit and talk and Tear each others lives apart You were the one to tell me go But you were the one for me And now you're going through the door When you take that step I love you baby more and more We need to laugh and sing and cry And warm each others hearts tonight Observing the fun of everything And loving all of mother God Tearing us, you're tearing us You're breaking us, you're breaking us You're killing us, killing us You're saving us, you're saving us You're tearing us, you're tearing us You're breaking us, breaking us You're killing us, killing us You're saving us Why do we sit around and Break each others hearts tonight Why do we dance around The issues till the morning light When we sit and talk and Tear each others lives apart You were the one to tell me go But you were the one for me And now you're going through the door When you take that step I love you baby more and more We need to laugh and sing and cry And warm each others hearts tonight Observing the fun of everything And loving all of mother God Tearing us, you're tearing us You're breaking us, you're breaking us You're killing us, killing us You're saving us, you're saving us
