

# Far Away

## Feed Me & Kill the Noise

Far away from home  
in a land across the sea  
Smile when you're alone  
and think of you and me

Far away from home  
in a land across the sea  
Smile when you're alone  
and think of you and me

Yeah

Yeah

Yeah

(humming)

Far away from home  
in a land across the sea  
Smile when you're alone  
and think of you and me

Far away from home  
in a land across the sea  
Smile when you're alone  
and think of you and me

Yeah

Far away from home  
in a land across the sea  
Smile when you're alone  
and think of you and me

YEAH!
