

Hollow

Phantom Sage

Burnin' down the walls
we let the monsters in and now we're
burnin' down the halls
no we can't let them win
There's an evil inside
that is lurkin' way down below
and if I can't hold to my breath
then I'm bound to become hollow Can you say that
I disappeared
Can you say that
I wasn't there for you
When you went into hiding
on your front steps of your porch
and I reflected on the memories
but I put out that torch
Hey! So now can you tell me
where you want to be in time
There's a million different places
and a million different heights
I'll climb the tallest of the mountains
the highest place I find
So that I can look over
at before me what is mine Can you say that
I disappeared
Can you say that
I wasn't there for you
When you went into hiding
on your front steps of your porch
and I reflected on the memories
but I put out that torch
Hey! Oh why can't you see
it was all because of me
And all I want is to be free
Finally I can be free Can you say that
I disappeared
Can you say that
I wasn't there for you
Can you say that
That's what I'm looking for
That's what I'm looking for
Can you say that
That's what I'm looking for

That's what I'm looking for
