

# Crazy

## Shawn Mendes

Think I don't need a watch to tell the time  
Think I don't need the sun to help me shine  
Think I don't need a girl to be alright  
Guess I didn't know Thought I didn't need shoes on my feet  
Thought I didn't need a bed to fall asleep  
Thought I didn't need love to be complete  
Guess I didn't know That I just got this crazy feeling  
I've been making someone wait for me...  
For me  
You're all I think about when I'm awake  
Part of every night and every day  
And everything's a mess when you're away  
Now I know All of this is good and really old  
I'm having trouble sleeping on my own  
Feeling like a house but not a home  
I want you to know That I just got this crazy feeling  
I've been making someone wait for me...  
For me Guess I need a watch to tell the time  
Guess I need the sun to help me shine  
And I really need you in my life  
Now I know  
That you give me this crazy feeling  
And you won't have to wait no more for me...  
For me And I just got this crazy feeling  
I've been making someone wait for me.
