

Both Still Young

Dzeko & Keith Urban

[Intro]

Someday, when we're older
I will love you like we're both still young
Yeah, someday, when we're older
I will love you like we're both still young [Verse 1]
Like we're still a couple of shootin' stars
Runnin' around with crazy hearts
Kissin' in the summer sun
Someday, when we're older
I will love you like we're both still young
Like rusty razor blades
When we've seen too many miles
And when our tattoos fade
When we've gone outta style

[Chorus]

Yeah, someday, when we're older
I will love you like we're both still young
Hey [Post-Chorus]
I will love you like we're both still young
I will love you like we're both still young
Mmm-mmm

[Verse 2]

We are the photograph
I'm gonna carry in my coat
And it'll bring me back
When I'm up against the cold
Like we're still a couple of shootin' stars
Runnin' around with crazy hearts
Kissin' in the summer sun
Someday, when we're older, yeah
I will love you like we're both still young
I will look back through wheat-filled windshields
Strawberry girl with, with hair undone
Oh, flyin' down a red barn road
Faster than a loaded gun, woah oh

[Chorus]

You and me, yeah
Yeah, someday, when we're older, yeah
I will love you like we're both still young
Yeah [Post-Chorus]
I will love you like we're both still young
I will love you like we're both still young [Outro]

Mmm-mmm, oh-oh
I'll love you like we're both still young
Someday, when we're older
I will love you like we're both still young
