

# I'd Come for You

## Nickelback

Just one more moment  
That's all that's needed  
Like wounded soldiers  
In need of healing  
Time to be honest  
This time I'm pleading  
Please don't dwell on it  
'Cause I didn't mean it  
I can't believe I said  
I'd lay our love on the ground  
But it doesn't matter  
'Cause I've made it up  
Forgive me now  
Everyday I spend away  
My soul's inside out  
Gotta be some way  
That I can make it up  
To you now, somehow  
By now you know that  
I'd come for you  
No one but you  
Yes, I'd come for you  
But only if you told me to  
I'd fight for you  
I'd lie, it's true  
Give my life for you  
You know I'd always come for you  
I was blindfolded  
But now I'm seeing  
My mind was closing  
Now I'm believing  
I finally know just  
What it means  
To let some one in  
To see the side of me  
That no one does or ever will  
So if you're ever lost and  
Find yourself all alone  
I'd search forever  
Just to bring you home  
Here and now, this I vow  
By now you know that  
I'd come for you  
No one but you  
Yes, I'd come for you  
But only if you told me to  
I'd fight for you  
I'd lie, it's true  
Give my life for you  
You know I'd always come for you

You know I'd always come for you  
No matter what gets in my way  
As long as there's still life in me  
No matter what, remember  
You know I'll always come for you  
Yes, I'd come for you  
No one but you  
Yes, I'd come for you  
But only if you told me to  
And I'd fight for you  
I'd lie, it's true  
Give my life for you  
You know I'll always come for you  
No matter what gets in my way  
As long as there's still life in me  
No matter what, remember  
You know I'll always come for you  
I'd crawl across this world for you  
Do anything you want me to  
No matter what, remember  
You know I'll always come for you  
You know I'll always come for you
