

# Boongie Drop (feat. JAY Z & DJ Military)

Lenny Kravitz

Oh sister, roll on it  
Don't let the music stop  
Girl gone make the Boongie drop  
Roll sister, roll on it Oh sister, roll on it  
Don't let the music stop  
Girl gone make the Boongie drop  
Roll sister, roll on it Late night the speaker's pumping  
Flesh-to-flesh, grind-n-bumping  
Hot pants, green and yellow  
Round thighs, feeling mellow  
The beat of the ghetto  
Cornrows, bees and arrows  
The deep pass the...  
I love the show tonight  
Oh sister, roll on it  
Don't let the music stop  
Girl gon make the Boongie drop  
Roll sister, roll on it Oh sister, roll on it  
Don't let the music stop  
Girl gon make the Boongie drop  
Roll sister, roll on it Black heat fills the dancehall  
Lovebirds got the back wall  
Junglers do their labels  
Have heels on the tables  
Bare feet on the dirt floor  
No one cares if you're poor  
I'm free locking the door  
And girl I'm home tonight  
Oh sister, roll on it  
Don't let the music stop  
Girl gon make the Boongie drop  
Roll sister, roll on it Oh sister, roll on it  
Don't let the music stop  
Girl gon make the Boongie drop  
Roll sister, roll on it Put the kids to sleep on this one!  
Pop, lock and drop it  
I make that pussy speak Patois  
Like Petra, remember hah?  
Remember me from the basement party?  
Cause I remember you type like no party  
We blowing on nigga type E  
Brother rubbing so close stepping on my Nikes

At the red light, never give me red light  
Only give me green light, you know what I mean right?  
After my Red Stripe, jump up on my motorbike  
Show me you can roll it right  
All of my diamonds, girl, they're Bohemians  
All of my Jamaicans, shake it for me, shake it then Oh sister, roll on it  
Don't let the music stop  
Girl gon make the Boongie drop  
Roll sister, roll on it Oh sister, roll on it  
Don't let the music stop  
Girl gon make the Boongie drop  
Roll sister, roll on it Oh sister, roll on it  
Don't let the music stop  
Girl gon make the Boongie drop  
Roll sister, roll on it Oh sister, roll on it  
Don't let the music stop  
Girl gon make the Boongie drop  
Roll sister, roll on it Girl gone make the Boongie drop  
Girl gone make the Boongie drop  
Girl gone make the Boongie drop  
Girl gone make the Boongie drop  
Girl gone make the Boongie drop  
Girl gone make the Boongie drop
