## **Welcome Oblivion**

## **How to Destroy Angels**

I don't know if you can hear me over this
I don't know if you can hear the sound
I don't know if you're aware of what's happening
I don't know if you should stick aroundIt's so perfect with a perfect kiss from your lips
It's so perfect with a loving embrace
You can't f\*ck with the way of nature

Everything is falling into placeYou know what you have done

Welcome oblivion

And this has just begun

Welcome oblivion

All the flashing lights take over

All the pretty little dots make tracks

Leading you to your place of deliverance

And never look at what's behind the fearYou know what you have done

Welcome oblivion

And this has just begun

Welcome oblivion

And I am not afraid
