Heatwave (feat. Akon)

Robin Schulz

Try so hard to get away
Think about you every day
Try so hard to live without
But no, no más
Sunshine is shining far away
Birds eyes just looking out

And they can see that you're, you're mine'Cause when we're together, your love is controlling my brain

Like plunging inside of that fire I cannot containOur love is like a heatwave

It's burning through the evening rain

Sets sail out on an ocean wave

'Cause our love is like a heatwave

Eh-eh-eh...'Cause our love is like a heatwaveI never will walk away

Unless you're right by my side

Burn gas in the Chevrolet

She's so hot

And our connection's like Wi-Fi

Just love how you ricochet

Won't stop 'til you're satisfied'Cause when we're together, your love is controlling my brain Like plunging inside of that fire I cannot containOur love is like a heatwave

It's burning through the evening rain

Sets sail out on an ocean wave

'Cause our love is like a heatwaveEh-eh-eh-eh... (heatwave, heatwave...)

'Cause our love is like a heatwave

Strong current won't stop you

Just makes me want you more

Couldn't leave if I want to

I wash up at your door

I know at times, we break the rules

Temperatures rise when I'm with youEh-eh-eh

Our love is like a heatwave

It's burning through the evening rain

Sets sail out on an ocean wave

'Cause our love is like a heatwaveEh-eh-eh-eh... (heatwave, heatwave...)

'Cause of our love is like a heatwave
