

I Think About You

Bryan Adams

I oughta be workin' - But I can't concentrate,
I oughta be sleepin' - 'steada stayin' up late,
When I oughta be doing all the things I should do,
I think about you. I oughta be writin' - But I can't find the song,
Just sittin' here driftin' - driftin' along,
There's only one thing that I wanna do,
And that's think about you. I think about you - I can't get no rest,
I think about you - There ain't no one else,
It's all I can do - I can't help myself,
Yeah - I think about you.
I could go cruisin' - But I've had enough,
I could go drinkin' - But I can't stand the stuff,
It just don't do me like it used to do,
I'd rather think about you. I think about you - I can't get no rest,
I think about you - There ain't no one else,
It's all I can do - I can't help myself,
Yeah - I think about you. Well I think about you - I can't get no rest,
I think about you - There ain't no one else,
It's all I can do - I can't help myself,
Yeah - I think about you.
Yeah! I think about you - I can't get no rest,
I think about you - There ain't no one else,
Yeah - It's all I can do - I can't help myself,
Yeah - I think about you.
