

China (Remastered)

[Tori Amos](#)

China all the way to New York
I can feel the distance getting close
You're right next to me but I need an air plane
I can feel the distance as you breathe And sometimes I think you want me to touch you
Well, how can I when you build the Great Wall around you
In your eyes I saw a future together
Oh you just look away in the distance China decorates our table
Funny how the cracks don't seem to show
Pour the wine, dear, you say we'll take a holiday
But we never can agree on where to go
And sometimes I think you want me to touch you
But how can I when you build the Great Wall around you
In your eyes I saw a future together
Oh you just look away in the distance China all the way to New York
Maybe you got lost in Mexico
You're right next to me, I think that you can hear me
Funny how the distance learns to grow
And sometimes I think you want me to touch you
Well, how can I when you build the Great Wall around you I can feel the distance
I can feel the distance
I can feel the distance getting close
