

# War of Nerves (Ganja Kru Remix)

## All Saints

Monday on the line  
When you know that now's the time  
To leave and be free, aware of your destiny  
When that moment arrives  
Wild visions through the mind  
And all I see is what used to be  
My life could soon be a memory I don't ever wanna feel pain  
Wanna be ready when you call my name  
I don't ever wanna feel fear  
'cos every night feels alright when your near  
Battle through this war of nerves  
When your life it take's a turn  
and what I have is what I fear  
while in my mind your lying here  
Fear that unholy dread  
There's a piece of me in all he said  
All kinds of weird stuff inside my head  
The stage fright in my own bed I don't ever wanna feel pain  
Wanna be ready when u call my name  
I don't ever wanna feel fear  
'cos every night feels alright when your near Don't wanna be like a voice without words  
'cos I need you here with me  
Don't wanna be alone in this world  
Will I surpress my fear  
When will I beat  
This war of nerves  
I don't ever wanna feel pain  
Wanna be ready when you call my name  
I don't ever wanna feel fear  
'cos every night feels alright when you're near.
