

# Asleep at the Wheel

## Band of Skulls

I went upstate  
Asleep at the wheel, yeah  
Double the win  
The old leather feel, yeah  
And I'm safe and sound  
In equal distant dubs  
My feet and that detail'Cause where we are going  
Is anyone's guess  
Took the bait  
So damn you, yeah  
Born again  
To die and too  
Sun shines behind me  
Behind the glass  
The only, yeah  
I don't have time to wonder  
Don't have time to wait'Cause where we are going  
Is anyone's guess  
Anyone's guess'Cause where we are going  
Is anyone's guessAnyone's guess
