Open Up

[Gallant](#)

If I'm drownin' won't you take me to the waterfall?
Lay stones in front of those banks
And keep me underwater till' I'm breathin'
Throw me in the fire till I'm frozen
Teach me till' I don't know what I'm doin'Why don't we open up sometime?
Sell me that gold in your veins
I want your fortress next to mine
Every nightmare on your plate
Can I trust that you won't mind
My sanity slippin' away
Ooh baby, why don't we open up?If you're thirsty, let me lead you to the Maranjab
Plant trees in spite of those rays
And leave you in the sun until you're soakin'
Throw you in the fire till$ you're frozen
Teach you till' you don't know what u do
Why don't we open up sometime?
Sell me that gold in your veins
I want your fortress next to mine
Every nightmare on your plate
Can I trust that you won't mind
My sanity slippin' away
Ooh baby, why don't we open up?
Let's be the last ones
Why don't we open up sometime?
My sanity slippin' away
