

# Back to the Limbo

## ABS

I don't know 'bout you,  
but I came here to party, yeah  
Tonight is your night, gonna find yourself somebody  
(yo what your gonna say)(Bridge)  
I say hey pretty girl,  
Do you wanna dance the night away,  
But you don't wanna fall in love,  
If you said that fault you any day(Chorus)  
Cause I'm feeling the heat,  
Won't you get yourself close to me,  
When you move to the beat,  
It's the ultimate fantasy, girl  
Mama se, mama sa  
Switch the? a,  
and let me come a little nearer,  
So you can here what I sing, just a little clearer I like the way you move,  
The little things you do,  
You begging me want to, come dance with you  
Would you mind if I asked you to(Bridge)  
I say hey pretty girl,  
Do you wanna dance the night away,  
But I don't wanna fall in love,  
Cause I said that fault my rainy day(Chorus) 1x  
I'm feeling so damn limbofied,  
With your hot lips, and your limbo thighs,  
Don't stop!  
Give me the sign and I come running back,  
Sam and Dave, hold on I'm coming,  
Ha Ha Ha And He, back to back let me shift the gear,  
Turn up the system, and get ready to roll,  
reverse your back sack, let me lose control, while out  
I'm the girl with the light eyes  
Ey miss is everybody I'm feeling the block,  
And it's good being here with you,  
And if your feeling the same,  
let me hear you oeeh(Chorus) 1xClap your hands,  
Take it upfront and to the side,  
Knot your head,  
Can you feel what my body sent you now,  
Stop your feet, I wanna see you shake,  
and bring it back down low, nice and slow  
Yo back to the Limbo2x
