

Lost

Little Big Town

I don't know who I am
Staring at a million broken pieces here
I don't know where I stand
While I'm still, the world goes round so free, so cavalier And aimlessly, I wander
Like a drifter on a narrow winding road
I've got plenty of direction
But I don't know where to go I'm so lost without you
I'm so lost without you
Baby, I'm so lost without you
That I can't find myself I'm so lost without you
Baby, I'm so lost without you
I'm so lost without you
That I can't find myself
No, it don't seem right
This canyon of lonely lying in our bed
Lord, how I've cried
A waterfall of tears 'til my eyes turn red And ever since you left me
It's been like a bullet through my heart
And I know I should move on
But I don't know where to start I'm so lost without you
I'm so lost without you
Baby, I'm so lost without you
That I can't find myself I'm so lost without you
Baby, I'm so lost without you
I'm so lost without you
That I can't find myself
And ever since you left me
It's been like a bullet through my heart
And I know I should move on
But I don't know where to start I'm so lost without you
I'm so lost without you
Baby, I'm so lost without you
That I can't find myself I'm so lost without you
I'm so lost
Baby, I'm so lost without you
That I can't find myself
