Tales

Wolfmother

Oh my friend, don't get caught in yesterday
All the things, we've heard have left and made their way
Lower your guns even if love has turned to spite
We may find the enemy waiting inside
Light the candle to see what may unfoldIf you listen to the sound within your mind
You may find the answer flowing in the tideSay goodbye to your sorrow

And hello to tomorrow

Well, I hear the fiddler's call

Say that love is here for all So I wrote her a letter

And I tried to forget her

Well, I don't know if I'll go

Can you hear the river flow?

Say goodbye to your sorrow

And hello to tomorrow

Well, I hear the fiddler's call

Say that love is here for allLower your guns even if love has turned to spite

We may find the enemy waiting inside

Light the candle to see what may unfoldOh my friend, I hope you're done with yesterday All the things, we've heard have left and made their waySay goodbye to your sorrow

And hello to tomorrow

Well, I hear the fiddler's call

Say that love is here for all So I wrote her a letter

And I tried to forget her

Well, I don't know if I'll go

Can you hear the river flow?

Say goodbye to your sorrow

And hello to tomorrow

Well, I hear the fiddler's call

Say that love is here for all Say that love is here for all

Say that love is here for all

Say that love is here for all

Say that love is here for allLower your guns even if love turned to spite

We may find the enemy waiting inside

Light the candle to see what you may deal
