

# Cry Baby Cry

## Santana

New begining  
Carlos Santana, Sean Paul and Joss Stone  
Talkin' about madness of the heart  
Baby, we should never be apart  
Going back to the memories  
Reminiscing 'bout you and me  
Thinkin' how it used to be  
It's plain and clear I treated you bad  
But girl, you know that I care  
Every relation have wear and tear  
Just draw near girl and try to hear  
And listen what my heart says  
Many days and many nights  
Many heartbreaks, many fights  
Many wrongs but so many rights  
So girl don't let this love die  
Never meant to 'cause you no pain  
Girl, I never meant to treat you lame  
Gimme one more chance  
rewind come back again  
Don't let this love die  
Just cry baby, cry  
(Don't cry, no more)  
'Cause every tear that flows falls into the ocean  
And rises to the sky  
And then the rain will come right before the sun shines  
Can you feel me reaching out to you,  
girl?  
Can you hear my open thoughts?  
Never want to disrespect you girl  
Don't let this come break us apart  
'Cause I know I would die without you my girl  
Can you hear my broken heart?  
It's calling out to the good times  
That we had back at the start  
Baby  
(Don't call me baby)  
You know I need you in my life daily  
(You know you played me)  
I was a player but now your love changed me  
(Dead wrong)  
I'm going crazy  
(I'm gone)  
Never thought losing you would be so hard  
It's your turn to cry baby, cry  
(Don't cry, no more)  
'Cause every tear that flows falls into the ocean  
And rises to the sky  
And then the rain will come right before the sun shines  
So let go and move on  
What we were is now undone  
My tears have all dried

It's your turn now to cry  
You're losing your love and your trust for me, girl  
And you know, I would go to the ends of the world  
If you wanted just like we started  
Girl, 'cause I don't want to fight no more  
Make it like it was before  
I'll tell you the truth and you cried and I cried  
Let's get back to the place and that look in your eyes  
Can you feel it inside? No clouds in your skies  
The sun is gonna shine  
Talk to her, Santana  
It's your turn to cry baby, cry  
(Don't cry, no more)  
'Cause every tear that flows falls into the ocean  
And rises to the sky  
And then the rain will come right before the sun shines  
Cry baby, cry  
(New beginning)  
'Cause every tear that flows falls into the ocean  
And rises to the sky  
And then the rain will come right before the sun shines  
Cry baby, cry  
'Cause every tear that flows falls into the ocean  
And rises to the sky  
And then the rain will come right before the sun shines
