## **Cry Baby Cry**

## Santana

New begining Carlos Santana. Sean Paul and Joss Stone Talkin' about madness of the heart Baby, we should never be apartGoing back to the memories Reminiscing 'bout you and me Thinkin' how it used to be It's plain and clear I treated you badBut girl, you know that I care Every relation have wear and tear Just draw near girl and try to hear And listen what my heart saysMany days and many nights Many heartbreaks, many fights Many wrongs but so many rights So girl don't let this love die Never meant to 'cause you no pain Girl, I never meant to treat you lame Gimme one more chance rewind come back again Don't let this love dieJust cry baby, cry (Don't cry, no more) 'Cause every tear that flows falls into the ocean And rises to the sky And then the rain will come right before the sun shinesCan you feel me reaching out to you, girl? Can you hear my open thoughts? Never want to disrespect you girl Don't let this come break us apart'Cause I know I would die without you my girl Can you hear my broken heart? It's calling out to the good times That we had back at the start Baby (Don't call me baby) You know I need you in my life daily (You know you played me)I was a player but now your love changed me (Dead wrong) I'm going crazy (I'm gone) Never thought losing you would be so hardIt's your turn to cry baby, cry (Don't cry, no more) 'Cause every tear that flows falls into the ocean And rises to the sky And then the rain will come right before the sun shinesSo let go and move on What we were is now undone My tears have all dried

It's your turn now to cryYou're losing your love and your trust for me, girl And you know, I would go to the ends of the world If you wanted just like we started Girl, 'cause I don't want to fight no more Make it like it was beforeI'll tell you the truth and you cried and I cried Let's get back to the place and that look in your eyes Can you feel it inside? No clouds in your skies The sun is gonna shine Talk to her, SantanaIt's your turn to cry baby, cry (Don't cry, no more) 'Cause every tear that flows falls into the ocean And rises to the sky And then the rain will come right before the sun shinesCry baby, cry (New beginning) 'Cause every tear that flows falls into the ocean And rises to the sky And then the rain will come right before the sun shinesCry baby, cry 'Cause every tear that flows falls into the ocean And rises to the sky And then the rain will come right before the sun shines
