

My Favorite Girl (feat. Redrama)

Isac Elliot

I called you up on the telephone
To let you know girl you're looking so amazing
Would you be, could you be mine?
I know I acted a bit too cool, today in school
Can you please forgive me?
Would you be, could you be mine?
Girl I'll take you to a movie
Hold your hand if you approve it
It's you who make my heart, go boom
I will treat you like a princess
Girl you're more than gorgeous
Oh can't you see
You'll always be
My lady, my baby
My favorite girl in the world
I never let you go
I never let you go, no no
My lady, my baby
My favorite girl in the world
I never let you go
I never let you go, no no
Girl you give me butterflies
Your big brown eyes are making me feel shaky
Would you be, could you be mine?
I send my love in an SMS
You are the best
My special little goddess
Would you be, could you be mine?
We can go down to the mall
You can fall back in my arms
While you share a milk shake with me?
I will treat you like a princess
Girl you're more than gorgeous
Oh can't you see
You'll always be
My lady, my baby
My favorite girl in the world
I never let you go
I never let you go, no no
My lady, my baby
My favorite girl in the world
I never let you go

I never let you go, no no
No no no no no
I'm never gonna let you go
let you go
let you go
No no no no no
I'm never gonna let you go

Girl
I remember back in school
I'm trying to act cool
Thinking 'bout you all day
Waiting in the hallway
Then at the mall
You surrounded by your friends
How can I begin
With this heart pounding
Now I'm texting, sms'ing
My cell, checking every second baby
Don't tell me no just tell me maybe
You're my favorite girl
You're my special lady
My lady, my baby
My favorite girl in the world
I never let you go
I never let you go, no no
My lady, my baby
My favorite girl in the world
I never let you go
I never let you go, no no
No no no no no
I'm never gonna let you go
let you go
let you go
No no no no no
I'm never gonna let you go
